

Tell Me It's Real (LP Version)

K-Ci & JoJo

Tell me it's real
The feeling that we feel
Tell me that it's real
Don't let love come
Just to pass us by
Try, is all we have to do
It's up to me and you
To make this special love
Last forever moreBaby you told me that you love me and you'd never leave my side
Through the bitter end through the thick and thin
You promised me baby that you wasn't going anywhere, yes you did
Baby keep it real let me know just how you feelTell me it's real
The feeling that we feel
Tell me that it's real
Don't let love come
Just to pass us by
Try, is all we have to do
It's up to me and you
To make this special love
Last forever moreI can't explain the way you make me feel
Every time you tell me that you love me
And you know you did so many times
Just when i thought that love could never be a part of me
That's when you came along
And showed me happiness
Baby you are the best
I think you're different from the rest
I really love youTell me it's real
The feeling that we feel
Tell me that it's real
Don't let love come
Just to pass us by
Try, is all we have to do
It's up to me and you
To make this special love
Last forever moreTell me it's real
This feeling that I feel
Tell me it's real
For your love

I will do anything Tell me it's real
The feeling that we feel
Tell me that it's real
Don't let love come
Just to pass us by
Try, is all we have to do
It's up to me and you
To make this special love
Last forever more
