

Shoulders

Twierps

I'll? as it gets dark
while loneliness tears me apart
as it gets cold, I get colder
have no fear on my shoulderevery day gets dark
made for my eyes
before my eyes ache
ache in the sun
the day is over before it begunhave no fear on my shoulder I'll wait til I can't feel anymore
can't hear your feet wait at the door
there is no time when I get olderhave no fear on my shoulder let my body turn to dust
before you get mine
let it all disappear?
I get higher and I get higher
have no fear on my shoulder
