Cosmic Girl

Jamiroquai

I must have died and gone to Heaven

'Cos it was a quarter past eleven

On a Saturday in 1999

Right across on where I'm standing

On a dance floor she was landing

It was clear that she was from another timeLike some baby Barbarella

With the stars as her umbrella

She asked me if I liked to magnetize

Do I have to go star-trekking

'Cos it's you I should be checking

So she laser beamed me with her cosmic eyesShe's just a cosmic girl

From another galaxy

My heart's at zero gravity

She's from a cosmic world

Putting me in ecstasy

Transmitting on my frequency

She's cosmicI'm scanning all my radars

Well she said she's from a quasar

Forty thousand million light years away

It's a distant solar system

I tried to phone but they don't list 'em

So I asked her for a number all the sameShe said, step in my transporter

So I can teleport ya

All around my heavenly body

This could be a close encounter

I should take care not to flounder

Sends me into hyperspace when I see her pretty faceShe's just a cosmic girl

From another galaxy

My heart's at zero gravity

She's from a cosmic world

Putting me in ecstasy

Transmitting on my frequency

She's cosmicSends me into hyperspace when I see her pretty face

Sends me into hyperspace when I see her pretty face

Sends me into hyperspace when I see her pretty face

Sends me into hyperspace when I see her pretty faceSends me into hyperspace when I see her pretty face

Sends me into hyperspace when I see her pretty face

Sends me into hyperspace when I see her pretty face

Sends me into hyperspace when I see her pretty faceShe's just a cosmic girl

From another galaxy
Transmitting on my frequency
Yeah cosmic, oh
Can't you be my cosmic woman?
I need you, I want you
To be my cosmic girl for the rest of timeOh, I'm doing my love
Oh, my cosmic girl, yeah
She [Incomprehensible]
