

More Of This

Vetiver

Sometimes I fear, there's nothing I can do
To make up for my wrongs to you
Should I travel on? I wish I had
More of this, Less to miss
Now is the right time
To swing the bass and sing the praises of a love so fine
It won't be long before
I have to leave
Knowing that I could use more time alone with you
That just might carry me through
You could not say no
I half expected so
But instead you understood
Time waits for no man
I wish I had
More of this, Less to miss
Now is the right time
Our love is more than enough to calm my troubled mind
It won't be long before
I have to leave
Knowing that I could use more time alone with you
That just might carry me through
More of this, Less to miss
Now is the right time
To swing the bass and sing the praises of a love so fine
It won't be long before
I have to leave
Knowing that I could use more time alone with you
That just might carry me
Along before I have to leave
