It's sun living in stereo my people, you know
Keep the vibes alive (Stereo)Hey shawty girl, I'm on my way
Ain't got no worries it's a beautiful day
The sun is up, were on the run
Give me your love and tell the morning come oh oh,
I wanna let you down oh oh,
Yeah,
Come let us still this nowAm I gonna dream dream tonight?
Girl you keep me dancing till the morning light
Are we gonna fly, fly so high?
Gonna rule the world when our hearts collide.And we go oh, oh oh oh
Together we are living in stereo
And we go oh, oh oh oh
Together we are living in stereo (Come on my people)Hey!Are you ready bumbaclot?And we go oh, oh oh oh
Together we are living in stereo
And we go oh, oh oh oh
Together we are living in stereo
StereoHey beauty girl, go feel the flow
Don't need no beams, don't let it go,
Our sweeter love is in the air,
Hope we gonna find it everywhere
I wanna let you down, oh

Girl you keep me dancing till I'm on in light
Are we gonna fly, fly so high?
Gonna rule the world when our hearts collide.And we go oh, oh oh oh

And we go oh, oh oh oh
Together we are living in stereo,

Got to be with the one, do you live wit the one
We can never let you go.And we go oh, oh oh oh
Together we are living in stereo
