

You Get To My Heart

[Aaron Carter](#)

When I need someone to believe in
I turn to you and you never ever let me down
You always come through
And I just wanna thank you for the way you make me feel, hey
Baby, you get to my heart, in my deepest part
Girl, I wanna be wherever you are
Only you know right where to go
Somethings that I ever had
Has taken control, it's your love
From the start you get to my heart
Anytime, you don't know where to run to just come to me
I'll be here for you with all my heart, be all that you need
'Coz someone like you is one in a million, it's true, hey
Baby, you get to my heart, in my deepest part
Girl, I wanna be wherever you are

Only you know right where to go
Somethings that I ever had
Has taken control, it's your love
From the start you get to my heart
I can't believe how [incomprehensible] have waited
Without you in my life
All I've ever wanted I can see in your eyes
Baby, you get to my heart, in my deepest part
Girl, I wanna be wherever you are
Only you know right where to go
Somethings that I ever had
Has taken control, it's your love
From the start you get to my heart, yeah
You get to my heart
