The Ring

Keri Hilson

Your hands on the steering wheel, and its steering me wrong.
Can?t you feel me here, you know you need to come home.
You keep looking at me, but your keeping me on.
Perfect fit but im starting to slip, and I hope my grip is strong enough because.
You love me, you know it, don?t do this, don?t blow it.
Can?t you see my life is on your hand, you got me wrapped around your finger.
If im your woman then be a man, please don?t take me off, your gonna lose my love.
Now im feeling outta place, howd I end up in your pocket
I must have been in the way, of you keeping your promise.
Shes running her hand across your chest, and touching the t-shirt that I brought.
I know she feels me close to your heart, and you just play it off.
You know that you love me

You love me, you know it, don?t do this, don?t blow it.
Cant you see my life is on your hand, you got me wrapped around your finger.
If im your woman then be a man, please don?t take me off, your gonna lose my love.
Please don?t make the biggest mistake of your life
If you care for me then how come our loves on the line.
So don?t let five minutes undo your commitment
You made to me when you said I do. i do
Cant you see my life is on your hand, you got me wrapped around your finger.
If im your woman then be a man, please don?t take me off, your gonna lose my love
Can?t you see my life is on your hand, you got me wrapped around your finger.
If im your woman then be a man, please don?t take me off, your gonna lose my love
Can?t you see my life is on your hand, you got me wrapped around your finger.
If im your woman then be a man, please don?t take me off, your gonna lose my love
