Stop The Rain

Silent Circle

Cold as ice with a heart full of lies
You're gone your own way
I wait on the side in the heat of the night
It is hard to stayEvery day every night
We're bound up in a hard fight
Joy and tears side by side -
That's our lifeChorus:Stop the rain in the night
In my heart deep inside
Hold me, I need you
Stop the rain in the night
Our love can survive
It's now or never
Stop the rain in the nightYou and me it's a tragedy
With an open end
Take a chance for a new romance
Crying for loveEvery day every night
We're both up in a hard fight
Joy and tears side by side -
That's our lifeChorus
