

Bad Luck and Trouble

Fats Domino

Have you ever been in trouble
Then you know just how I feel whoa-oh
Please somebody help me
Don't let me down trouble is all I found
Poor me
If it wasn't for trouble bad luck and trouble
I wouldn't have no luck at all whoa-oh
Please somebody help me
Don't let me down trouble is all I found
Poor me
A rich man willed me a million dollars
But his lawyer said
When he stood up to sign his name
He dropped dead whoa-oh
Please somebody help me
Don't let me down trouble is all I found
Poor me
