

# I'm Cheatin'

## Dwele

Huh, everybody cheat right, come on  
Everyone I know  
Everybody cheat, oh, oh I can never affair  
With nobody else but you  
You sexy as hell  
But you know my girlfriend too She says things about ya  
Like how yous a freak at night  
How you do thing she never  
I never get the pleasure Because of the mornin' after  
The shame she would feel inside  
The lecture I'd have to sit through  
How her momma raised her right Y'all both rock different hairdos  
But y'all kinda look alike  
I know the way I can tell it sounds wrong  
But it feels so right Girl, girl, girl, Im cheatin' on my  
Girl, girl, girl, Im cheatin' on my  
Girl, girl, girl, Im cheatin' on my  
Girl, girl, girl, that's my world I, you drink more than my girl  
While she keeps me business post  
She dress warm in the summer  
While you dont wear any clothes  
In the winter Rememberin' the other day when I sent ya  
A dozen of them long stem roses  
You told me never ever send roses  
You would rather, me send them to the other And then you took off your clothes  
You asked me who I wanted  
The nasty one I suppose  
We tussled into the moonlight A break from my everyday world  
I fell asleep with my love affair  
And woke up next to my Girl, girl, girl, Im cheatin' with my  
Girl, girl, girl, Im cheatin' on my  
Girl, girl, girl, girl, girl, girl When love is free  
It's a matter of time  
Before, before, it's natural Some have a girl with a chick on the side  
I dont need it  
My girl is all, shes all I need  
So I dont mind cheatin' on my Girl, with my, girl, girl  
Im cheatin' on my girl, with my girl, girl  
Said Im cheatin' on my girl, with my girl, girl

Girl, girl, girlIm cheatin' on my girl, with my girl, girl  
Im cheatin' on my girl, with my girl, girl  
Im cheatin' on my girl, with my girl, girl  
Im cheatin' on my girl, with my girl, girlIm cheatin' on my girl, with my girl  
Im cheatin' on my girl, with my girl  
Im cheatin' on my girl, with my girl
