

24 Hour Blue (Just One of Those Days)

Vivian Green

Woke up this morning feeling so bad
Out my window it was raining
Didn't even feel like running
I didn't feel like doing anything Then the phone wouldn't stop ringing
And my head wouldn't stop pounding
I feel so down I don't know why
There's something overwhelming me inside Just one of those days
Just another day, it don't go your way
(And tomorrow can't come soon enough for me)
Just one of those days
Just another day, it don't go your way
(And tomorrow can't come soon enough) Gotta get up
Any how I can't afford to lose no hours
Got a deadline that I must meet
Every second matters to me Hard to function feeling like this
But I got to keep on going
Am I in a huddle to get over
I've got to do things much darker and colder Just one of those days
(Just one of those days)
Just another day, it don't go your way
(Just another day)
(And tomorrow can't come soon enough for me)
Just one of those days
(Just one of those days)
Just another day, it don't go your way
(Just another day)
(And tomorrow can't come soon enough) Just one of those days
(Just one of those days)
Just another day, it don't go your way
(Just another day)
(And tomorrow can't come soon enough for me)
Just one of those days
(Just one of those days)
Just another day, it don't go your way
(Just another day)
(And tomorrow can't come soon enough) Why does it seem
Like the hours are much longer
Like the day just won't be over, tell me why
Why do they fly

When you least expect them
Always you can never breathe in those days Just one of those days
Just another day, it don't go your way
(And tomorrow can't come soon enough for me)
Just one of those days
(Just one of those days)
Just another day, it don't go your way
(Just another day) Just one of those days
(Just another day)
Just another day, it don't go your way
(Just one of those days)
(And tomorrow can't come soon enough for me)
Just one of those days
(Just one of those days)
Just another day, it don't go your way
(Just another day)
(And tomorrow can't come soon enough) La la la la
(Just one of those days)
La la la
La la la
(Tomorrow can't come soon enough for me) La la la la
La la la
(Just another day)
La la la
(Gotta get up) La la la la
La la la
(I've got to do things much darker and colder)
La la la la
(Just another day)
