No Use

Kylie Auldist

I see her smiling at you
Why donâ€™t you wait in the queue?
The bounces always know your name
I heard those girls youâ€™ve been seeing,
and all the clubs were youâ€™ve been,
and everybody knows your game

Why donâ€™t you answer your phone?
I donâ€™t like to bitch and moan
But i saw you both back stage
Youâ€™re going on about her,
and from what iâ€™ve heard,
youâ€™re having trouble acting your age

Iâ€™ve got no use for you
Youâ€™ve only got yourself to blame
Iâ€™ve got no use for you
And now i know you feel the same

Iâ€™m tired of thinking â€™bout you
Iâ€™ll never wait in the queue
now everybody knows my name
Donâ€™t look me in the eyes
you missed out on the prize
all of your excuses were lame
Next time youâ€™re flowing around
when iâ€™m out on the town
you can look but
donâ€™t you touch
Iâ€™ll be wearing that dress
revenge is sweet success
I guess you never cared that much

Refrain x 2

I never figured in your long term plan [that],
that iâ€™d find
you were nothing but a wrong term and I
wasted my time

Iâ€™ve got no use for you
Youâ€™ve only got yourself to blame
Iâ€™ve got no use for you
Now i know you feel the same

Got no use, no use for youâ€¦
Only got yourself,only got yourself to blameâ€¦
I got no use for youâ€¦
