Take Me Home

White Lion

(Ryan)
I sit here thinking
As the sun is sinking
Over the mountain
And the dry, dusty ground
(Damian)
As the night is falling
I start recalling
The nights
In my own town
(Keith)
I see the faces
In familiar places
I hear the music
That they played way back then
(Paul)
My heart rejoices
As I hear the voices
Calling me
Home again
(Chorus--All)
Home
Oh take me home
Home to the people
I left behind
Home to the love
I know I'll find
Oooh take me home
(George)
As the sky is burning
My mind is turning
To the cold winter evenings

By my own fire side
(All)
So far away now
But any day now
I'll sail
On the morning tide

(Chorus--All)
Home
Oh take me home
Home to the people
I left behind
Home to the love
I know I'll find
Oooh take me home
(Keith)
Take me home
Far across the sea
(All)
Home is where I long to be
(Chorus--All--x2)
Home
(Da da da da)
Oh take me home
(Da da da da)
Home to the people
(Da da da da da)
I left behind
(Da da da)
Home to the love
(Da da da da)
I know I'll find
(Da da da da)
Oooh take me home
