

Keg in the Closet

[Kenny Chesney](#)

We had a dog named Bocephus living in the front yard
He liked sleeping out on top of the car
He drank beer out of a mason jar
And he'd climb up on everyone in bed. A wide frame house in a college town
A bunch of people always hanging around
No real problems we needed to drown
But we tried our best anyway. We went to class just to pass the time
Back in '89. We had a keg in the closet, pizza on the floor
Left over from the night before
Where we were going we didn't really care
We had all we ever wanted
In that keg in the closet. This old guitar taught me how to score
Right there on that Lambda Chi porch
Mary Ann taught me a little more
About wantin' what you can't have. Sweatshirts and flag football
Spring breaks down in Panama
For a while we had it all
We never dreamed it wouldn't last. We went to class just to pass the time
Back in '89. We had a keg in the closet, pizza on the floor
Left over from the night before
Where we were going we didn't really care
We had all we ever wanted
In that keg in the closet. We all kind of went our separate ways
But I swear it seems like yesterday. Keg in the closet, pizza on the floor
Left over from the night before
Where we were going we didn't really care
We had all we ever wanted
In that keg in the closet...
