# Together Again

## Norma Jean

Together again my tears have stopped falling the long lonely nights are now at an end
The key to my heart you hold in your hand
And nothing else matters we're together again
[ piano - steel ]
Together again the grey skies are gone you're back in my arms darling where I belong
The love that we knew is living again
And nothing else matters we're together again
And nothing else matters now we're together again
