

# Emergency On Planet Earth (London Rican Mix)

## Jamiroquai

The kids need education  
And the streets are never clean  
I've seen a certain disposition  
Prevailing in the wind Sweet change, if anybody's listening?  
Emergency on planet earth  
Is that life that I am witnessing  
Or just another wasted birth? Now we got emergency  
Emergency on planet earth  
Now we got emergency  
We got emergency on planet earth, just a head up Think we're standing for injustice  
White gets two and black gets five years  
Well it took me quite a while to suss this  
Now I know my head is cleared  
And a little boy in hungry land  
Is just a picture in the news  
I won't see him in the TV advertising  
'Cause it might put you off your food Now we got emergency  
We got emergency on planet earth  
Now we got emergency  
We got emergency on planet earth, come on Is anybody out there?  
Is anybody out there?  
Is anybody out there?  
We got emergency on planet earth, just a head up See what we got  
Emergency on planet earth is what we got  
I tell 'em what we got now  
Emergency on planet earth is what we got  
Is someone out there?  
Emergency on planet earth is what we got  
Somebody help me  
Somebody help me now  
'Cause we got an emergency Come on somebody help us now  
I will need you  
Somebody help us now
