

# Sittin On Go

Bryan White

I'm waiting on the green light to make you mine  
But your heart's just taking its own sweet time  
You want to be sure if you'll sink or swim  
Well grab a hold of me and just jump on in You're playing it safe  
But baby I'll wait Ooh, whenever you're ready  
I could be yours in a second or so  
Ooh, baby come and get me  
My heart's sittin' on go Ooh, it's off to the races  
All you've gotta do is let me know  
Ooh, I'm ready and waiting  
My heart's sittin' on go You oughta give in now instead of resisting  
'Cause I'm not above a little arm twisting  
I'm bettin' it's only a matter of time  
Before you and me are standing at the finish line You're having your doubts  
But you'll come about Ooh, whenever you're ready  
I could be yours in a second or so  
Ooh, baby come and get me  
My heart's sittin' on go Ooh, it's off to the races  
All you've gotta do is let me know  
Ooh, I'm ready and waiting  
My heart's sittin' on go You're playing it safe  
But baby I'll wait Ooh, whenever you're ready  
I could be yours in a second or so  
Ooh, baby come and get me  
My heart's sittin' on go Ooh, it's off to the races  
All you've gotta do is let me know  
Ooh, I'm ready and waiting  
My heart's sittin' on go  
My heart's sittin' on go  
My heart's sittin' on go
