Television in disgrace  
Life you get old, it's the race  
Can you break out? Can you break out?  
Will you live at your own pace? Life, so, unnecessary Television in disgrace  
Life you get old, it's the race  
Can you break out? Can you break out?  
Will you live at your own pace? Now will you live at your own pace?  
Will you live at your own pace?
