

# Push Up On Me

## Monrose

SelectaAh, ah, ah, ah  
Ah, ahI like the way u push up on me  
I like the way u push up on me  
I like the way u push up on meSelectaAh, ah, ah, ah  
Ah, ah, ah, ahOh my Selecta's got the spot up on fire  
Spinning all the joints that make me - wanna wind  
Yes me ready show ya how me mash it one time  
Its about to get dangerous,  
The rhythm got ya girl right here open  
So island man can you handle this  
Gimme a little taste oh what u gonna do  
Boy I wanna feel your move,  
Grind it up,  
Let me feel the truth  
Work me up slow and drop me down low  
And break me offDon't know what I do without ya baby  
Can't afford to leave from this club without your name and number up on this card,  
So call me  
Twirk it,  
I like the way you push up on meDon` t know what i do without ya baby  
Can` t afford to leave from this club without your name and number up on this card,  
So call me  
Come here boy,  
And push up on meOh wee, you look so right its kinda scary,  
Ya whole get up, ya swagger daddy --- OHH  
Yes u papa boy come now push up on me  
Its about to get serious  
Something in my way my Uh got you rocked so island man hurry hit the spot  
Don't take long I'm waiting on you  
Boy I wanna feel you move,  
Grind it up, let me feel the truth  
Work me up and slow and drop it down low  
And brake me offDon't know what I do without ya baby  
Can't afford to leave from this club without your name and number up on this card,  
So call me  
twirk it,  
I like the way you push up on meI got ya posted up on the wall right were I want you  
your bodies caught in the motion  
I'm workin' my spell on you

Its even hotter when we get closer  
You wanna stay here 4ever  
I just met you baby  
But I already know Don't know what I do without ya baby  
Can't afford to leave from this club without your name and number up on this card,  
So call me  
twirk it,  
I like the way you push up on me
