

Somebody's Gonna Miss Me

Mark Spoelstra

Two people layinâ€™ on a hill
Two people layinâ€™ on a hill

The cool sun is resting and listening to their heatbeats
Two people layinâ€™ on a hill

Brown grass on the hill is slowly weaving
Brown grass on the hill is slowly weaving
Painting a picture on the amber sky
Of love and lonely days gone by

Chorus:

|Somebodyâ€™s gonna miss me when Iâ€™m gone
|Somebodyâ€™s gonna miss me when Iâ€™m gone
|The train leaves at ten, but honey Iâ€™ll be back again
|â€˜Cause somebodyâ€™s gonna miss me when Iâ€™m gone

Thought I heard somebody call my name.
Thought I heard somebody when they called my name.
A tugging moan, pain runninâ€™ through my bones
I thought I heard somebody call my name

Thunder clouds and wind are joining the sea
Thunder clouds and wind join the sea
A ray of sunlight pierces through the storm
The first second of love has just been born

Chorus
