Don't You Think I Know

Material Issue

Hello, starry eyes, it's just me
Shut all the blinds, so no one can see
I just wanted to talk to you, so nobody else could hear
Come on, baby, let me whisper in your earIt's getting late, I gotta catch a plane
God, I hope we make it thru the rain
I would settle for a long goodbye but it'll only make it harder
Someday soon you know we'll finish up where we startedAnd wrap your long, tan arms around me
Kiss me like you lost me and you found me
Hold me close, don't let me go
Don't you think I know?Hello, starry eyes, yeah, it's me
Pick up your line and talk to me
I made it here right on time, to get back into your heart
Someday soon you know we'll finish off where we startedAnd wrap your long, tan arms around me
Kiss me like you lost me and you found me
Hold me close, don't let me go
Don't you think I know?I just wanted to talk to you, so nobody else could hear
Come on, baby, let me whisper in your earAnd wrap your long, tan arms around me
Kiss me like you lost me and you found me
Hold me close, don't let me go
Don't you think I know? Don't you think I know?
Don't you think I know?
