The Daily Planet

Love

In the morning we arise and
Start the day the same old way
As yesterday the day before and
For in all it's just a day like
All the rest so do your best with
Chewing gum and it is oh so
Repetitious, waiting on the sunDown on Go-stop Boulevard it
Never fails to bring me down
The sirens and the accidents and
For a laugh there's plastic Nancy
She's real fancy with her children
They'll go far, she buys them toys to
Keep in practice, waiting on the warI feel shivers in my spine
When the iceman, yes his ice is melting
Won't be there on time
Hope he finds a rhyme for his little mindI can see you with no hands
(Face)
Eyes I need you, you're my heart
(Face)
Look we're going 'round and 'round
