

# The Daily Planet

## Love

In the morning we arise and  
Start the day the same old way  
As yesterday the day before and  
For in all it's just a day like  
All the rest so do your best with  
Chewing gum and it is oh so  
Repetitious, waiting on the sun  
Down on Go-stop Boulevard it  
Never fails to bring me down  
The sirens and the accidents and  
For a laugh there's plastic Nancy  
She's real fancy with her children  
They'll go far, she buys them toys to  
Keep in practice, waiting on the war  
I feel shivers in my spine  
When the iceman, yes his ice is melting  
Won't be there on time  
Hope he finds a rhyme for his little mind  
I can see you with no hands  
(Face)  
Eyes I need you, you're my heart  
(Face)  
Look we're going 'round and 'round
