

# Hula Hoop (feat. Machel Montano)

Omi

Roller skates, them lines  
Have sun, clear blue skies  
The waves are crashing by  
And when she passed me by  
And gave her wink and smile  
And I was on cloud nine  
LordThe way you move your hips  
And lick your lips  
The way you dip  
You got me up so high (Hey-ey)  
And girl you got that body  
With them curves like a Bugatti  
I just wanna drive, ohAnd girl you know  
Round and round your loving winds me up  
Like a hula, hula hoop, hula, hula hoop, oh  
Round and round your loving winds me up  
Like a hula, hula hoop, hula, hula hoop, oh  
Round and round your loving winds me up  
Like a hula, hula hoop, hula, hula hoop, oh  
Round and round your loving winds me up  
Like a hula, hula hoop, hula, hula hoop, ohAnd gravity defied  
I can't believe my eyes  
That thing can bring the tides, hey  
And round and round clockwise  
Like come here, we go right  
I wanna go all night, yesThe way you move your hips  
And lick your lips  
The way you dip  
You got me up so high, yeah (Hey-ey)  
And girl you got that body  
With them curves like a Bugatti  
I just wanna drive, ohAnd girl you know  
Round and round your loving winds me up  
Like a hula, hula hoop, hula, hula hoop, oh  
Round and round your loving winds me up  
Like a hula, hula hoop, hula, hula hoop, oh  
Round and round your loving winds me up  
Like a hula, hula hoop, hula, hula hoop, oh  
Round and round your loving winds me up

Like a hula, hula hoop, hula, hula hoop, ohLike a hula, hula hoop, hula, hula hoop, ohRound and round your  
loving winds me up  
Like a hula, hula hoop, hula, hula hoop, oh  
Round and round your loving winds me up  
Like a hula, hula hoop, hula, hula hoop, oh  
Round and round your loving winds me up  
Like a hula, hula hoop, hula, hula hoop, oh
