

# Swear Jar

Illy

[Verse 1]

Way back in adolescence I learnt one simple lesson  
First impressions last and showing love don't take much effort  
I found out on a night [?] still won't forget it  
So these days when I see artists on that too cool shit my message to them's like  
All due respect here there's no respect due  
So fuck you, fuck you man  
Some artists on that high horse like they just put Thriller out  
Some artist care about music less than Instagram accounts  
They told me drink that Kool-Aid, oh hell nah, I spit that out  
And as much as I would love to give the benefit of doubt

I'm sayin nah[Pre-Chorus 1]

All due respect here, there's no respect due  
If you in it for the status I dedicate this to you

I'm sayin'[Chorus]

Fuck you and you and you and you  
You're cool but fuck you and I'm outta here  
Fuck you and you and you and you  
You're cool but fuck you and I'm outta here  
All due respect here, there's no respect due

So fuck you[Verse 2]

Okay lets get back to the wild things people say to get attention  
You know the reason mama said don't read no comment sections  
I get that but whenever I tell them kiss my bare ass  
My two cents got me emptying my wallet in my swear jar  
Still all due respect here, there's no respect due  
So fuck you, oh my bad  
Pardon my french, big no-no, wash my mouth out with soap  
Oh you don't like it, by all means yo hit my socials, let me know so  
Hold breathe till I reply then die waitin' and have your folks post  
Funeral details online so I can come take Snapchat photos[Pre-Chorus 2]

All due respect here, there's no respect due

You spend all day online just cutting down what people do

My words to you are[Chorus]

Fuck you and you and you and you  
You're cool but fuck you and I'm outta here  
Fuck you and you and you and you  
You're cool but fuck you and I'm outta here  
All due respect here, there's no respect due

So fuck you[Bridge]  
One-two, one-two  
Now ladies and gentleman I know I'm not perfect, hell  
I'm probably guilty of this shit myself  
But I've tried, oh I try not to put myself above nobody  
Or get my kicks kicking somebody else, yeah  
But if you're tired of the bullshit people throw your way  
I've got this one little phrase that helps  
It goes[Chorus]  
Fuck you and you and you and you  
You're cool but fuck you and I'm outta here  
Fuck you and you and you and you  
You're cool but fuck you and I'm outta here  
All due respect here, there's no respect due  
So fuck you
