

Always Crush Me

Guided By Voices

Full head of nothing
Fail to see the difference
Fail to feel the mercy
Off to join the flagstaff Always crush me
Picture my amazement
When it doesn't always pain me
And I will reproduce faster Commitment trailblazer
Your trail is quite a puzzle
And you are such a daredevil
And you are such a collector Always crush me
Picture my amazement
When it doesn't always pain me
And I will reproduce faster
