

# Hang On

Bratz

You've just gotta hang on, hang on  
To your dreams, they'll be strong, be strong  
And look at you rockin', no stoppin' you now  
You know how, you're prepared and you'll stay  
So hang on Nobody said it was simple  
Sometimes it gets kind of rough  
But nothing's ever impossible  
And the tough get going when the going gets tough You've just gotta hang on, hang on  
To your dreams, they'll be strong, be strong  
And look at you rockin', no stoppin' you now  
You know how, you're prepared and you'll stay  
So hang on Sometimes it's not that easy, no  
You've gotta stay in the game  
Determination's what you need  
And it takes all you've got but you've got what it takes  
So come on You've just gotta hang on, hang on  
To your dreams, they'll be strong, be strong  
And look at you rockin', no stoppin' you now  
You know how, you're prepared and you'll stay  
So hang on You've just gotta hang on, hang on  
To your dreams, they'll be strong, be strong  
And look at you rockin', no stoppin' you now  
You know how, you're prepared and you'll stay  
So hang on You gotta win in the end  
You can make it, yeah  
Just believe in your heart, from the start  
And you'll get through anything Hang on  
Come on You've just gotta hang on, hang on  
To your dreams, they'll be strong, be strong  
And look at you rockin', no stoppin' you now  
You know how, you're prepared and you'll stay  
So hang on You've just gotta hang on, hang on  
To your dreams, they'll be strong, be strong  
And look at you rockin', no stoppin' you now  
You know how, you're prepared and you'll stay  
So hang on
