Coming Up Strong

Karmin

Why you crying? It's ok now
If I hold you, will you calm down?
It's your way with words, that can make me burn
When you say it, do you mean it?
When I shout out, can you hear me?
When it's all too much, look at what we've done
That's when I'm comin' up strong, comin' up strong
comin' up, comin' up strong, comin' up ohh
now, now, nothin' you can do to break us now
singin' our song gettin' lost to the sound
once i was lost, now I'm found
shinin' through the dark can't hold us down
That's when I'm comin' up strong, comin' up strong
comin' up, comin' up strong, comin' up ohh
now, now, nothin' you can do to break us now
singin' our song gettin' lost to the sound
once i was lost, now I'm found
shinin' through the dark can't hold us down
Call me ruthless, we've been through this
Who's to blame now, babe it's useless
Cause it's no one's fault, if the lights were off
When we're shinin', then we're flyin'
Through the wheelhouse, that we're grindin'
When it's all too much, look at what we've done
That's when I'm comin' up strong, comin' up strong
comin' up, comin' up strong, comin' up ohh
now, now, nothin' you can do to break us now

singin' our song gettin' lost to the sound
once i was lost, now I'm found
shinin' through the dark can't hold us down
That's when I'm comin' up strong, comin' up strong
comin' up, comin' up strong, comin' up ohh
now, now, nothin' you can do to break us now
singin' our song gettin' lost to the sound
once i was lost, now I'm found
shinin' through the dark can't hold us down
So easy
We forget and say clouds are movin' in

Rain starts to fall again
But as soon as you tell me it's okay
That's when I'm comin' up strong, comin' up strong
comin' up, comin' up strong, comin' up ohh
now, now, nothin' you can do to break us now
singin' our song gettin' lost to the sound
once i was lost, now I'm found
shinin' through the dark can't hold us down
That's when I'm comin' up strong, comin' up strong
comin' up, comin' up strong, comin' up ohh
now, now, nothin' you can do to break us now
singin' our song gettin' lost to the sound
once i was lost, now I'm found
shinin' through the dark can't hold us down
Why you crying? It's ok now
If I hold you, will you calm down?
When it's all too much, look at what we've done
