

Tears Away - Interlude

[Faith Evans](#)

All away, wipe all my, all away
My tears away you wipe, yes, you do
You wipe them all away You wipe all away
All of my tears away
You wipe my tears all away All away you came in my life
All way and wiped my tears away
You wiped, you wiped them all away Oh, how I love you
All away and oh, how I need you
You wipe my tears all away
