

Advice

Kehlani

You have a way with words
Your silence is a curse
You always seem to break me down, down, down
My swollen heart you curve
Your comfort makes it worse
I don't want you around, 'round, 'round, 'round'Cause how is the man of my dreams not a man of his words?
And how is the man for me just a man that makes me hurt?It's time to take my own
Take my own advice, take my own advice
Need me to take my own
Take my own advice, take my own adviceI almost lost my mind
I left myself behind
I almost crashed and fell right from the sky
I took a chance on this
I took too big a risk
And now I'm left with pain to get me high'Cause how is the man of my dreams not a man of his words?
And how is the man for me just a man that makes me hurt?(It's time to take my own) It's time to take
Take my own advice, take my own advice
Need me to take my own
Take my own advice, take my own adviceYou had to break me, take me
To make me better
But I had to save me, baby
Now or never'Cause how is the man of my dreams not a man of his words?
And how is the man for me just a man that makes me hurt?It's time to take my own
Take my own advice, take my own advice
Need me to take my own
Take my own advice, take my own adviceTake, own, ooh, ooh
Take, own, ooh, ooh
