

# Theme For A Jackal

## Misfits

Dry drunk on a corner  
Wet waste of a girl  
Theme for a jackal Play you death-song  
You probably listen  
Stand idly by as they rape your children  
Like you do now  
In fact you showed them how All thoughts are in place  
All deeds are complete  
Play, theme for a jackal play Die sweet prince  
Meat tastes like mince  
The jackal's eaten enough for today Die sweet prince  
Meat tastes like shit  
Enough to make that jackal spit Spit jackal spit  
Spit and choke on the lives you've taken  
You can't shake them loose All morsels are gone, they're too small  
Accessible from a source so tall  
Little sister all of my love Bitch  
Bitch, she is  
Cut her from the inside out Dead daughter in the river  
Entrance gained by her liver  
Play, theme for a jackal play They play you a death-song  
You probably listen  
Stand idly by as they rape your children  
Like you do now  
In fact you showed them how  
Play, theme for a jackal play  
Play, theme for a jackal play
