Hurry Baby

Rascal Flatts

I don't wanna wait
It's been too long
I don't wanna lay here all alone
I don't wanna need this phone
To hear you breathe
Every second feels just like a year
Every moment you're not here
Is like a lifetime of lonely,
Please
Hurry Baby, I need you coming through that door
Hurry Baby, I can't be without you anymore
Come and save me
I'm losing it
I swear that this not kissing you, missing you
Has got me going crazy
Hurry Baby
Every single car that passes by
My heart beats faster every time
I pray it's your headlights coming home
If I could just speed up that clock
I'd get you here then make it stop
I'd wrap you in my arms
And love you real slow
Hurry Baby, I need you coming through that door
Hurry Baby, I can't be without you anymore
Come and save me
I'm losing
I swear that this not kissing you, missing you
Has got me going crazy
Hurry Baby
Hurry Baby, Hurry Baby
Come and save me
I'm losing it, I swear that this not kissing you, missing you
Has got me going craaaazy
Huurrrry Baby
I can't be without you Babeh
Hurry Baaaaby
Hurry Baby
