

# Regret You

## HOLYCHILD

Won't you let me know you when the days are gone  
It's like I never knew  
That love was made by two  
I scare myself for lustng for the harder dreamers  
And after finding you  
I see that now it's true  
It's never how I'm told but how I chose to make it  
Won't you let me know you when the days are gone  
Sleeping on your shoulder while you're driving the car, yeah  
Boy we ride forever when you're flying with me  
Yeah I'll always let you know  
Won't regret you when I go  
You're sweetest when you see  
This world is choking me  
I always hold my breathe and hope it will be over  
Your hands upon my neck  
This beauty and reflex  
Let's transcend all the worst and find it while we're running  
Won't you let me know you when the days are gone  
Sleeping on your shoulder while you're driving the car, yeah  
Boy we ride forever when you're flying with me  
Yeah I'll always let you know  
Won't regret you when I go  
My heart breaks  
For all the wasted times  
The fire's just beginning  
We're farther  
There's nothing left but lust  
We're primal no denying  
Would you say that we are all believers  
Of some deeper truth? Religion might redeem us and oh  
I'll hold you  
Until the night is done  
Until the party's swaying  
Won't you let me know you when the days are gone  
Sleeping on your shoulder while you're driving the car, yeah  
Boy we ride forever when you're flying with me  
Yeah I'll always let you know  
Won't regret you when I go
