Don't Go Away

Fun Factory

Don't go away, please stay by my side
Just hold me tight
I wanna be with you tonightDon't go away and show me your love
You bring me joy
You are the center of my lifeOh,darlin' you, you drive me crazy
And I don't know what to do
I lose controlI want to be your full time lover
And no matter where you are
I'll be with youHey, don't go away, don't go away
Hey, know what you say
Just another dayHey, you save my time
And a lot of sunshine
Well this is the trick
And everybody feeling fineWhat time, what time is it now?
We don't care
We enjoy the summer
And the love that we share
We want you yes, you yes, by our sideDon't go away, please stay by my side
Just hold me tight
I wanna be with you tonightDon't go away and show me your love
You bring me joy
You are the center of my lifeYou know that you're my only lover
And I hope that I am your, your only one, too
You said that there, there is no other
And now I'm sitting here like a foolHey, just take it slow, just take it slow
Ho, nowhere to running
Nowhere to goHey, enjoy the party
With the rest of the crew
'Cause what we do, we do it for youDon't stand around, come on, just kick it
'Cause when we're in the house
You know we're getting wicked
Let's have a party 'cause we love you soDon't go away, please stay by my side
Just hold me tight
I wanna be with you tonightDon't go away and show me your love
You bring me joy
You are the center of my life
