## **Sweet**

## **Trace Adkins**

Back as far as I remember Mama always worried about me Ya see Mama knew my taste in women She'd say whatever you do, boy find you one that's sweet Well, Mama I finally found one that I'd like you to meetShe's sweet like a Cadillac Sweet like a stack of cold hard cash Sweet like the diamond bling Dangling down from her belly button ring She's sweet like a handful of aces Tattoos in secret places Mama can't you see she's sweet?No Mama, she ain't into ironing And she ain't one to scrub the house and clean No Mama, she couldn't boil a pot of water So she won't need none of Grandma's recipes But Mama don't you worry none She's taking real good care of meShe's sweet like a Cadillac Sweet like a stack of cold hard cash Sweet like the diamond bling Dangling down from her belly button ring She's sweet like a handful of aces Tattoos in secret places Mama can't you see she's sweet? She's sweetShe's sweet like a Cadillac Sweet like a stack of cold hard cash Sweet like the diamond bling Dangling down from her belly button ring Sweet like a handful of aces Tattoos in secret places She's sweet like a Hollywood dream 7, 7, 7 on a slot machine She's sweetOh, my baby's so sweet
