Dance For Evermore

Si Cranstoun

Girls are looking hot,
Showing what they got,
Line's around the block,
Everybody's feeling okay,
Let me hear you say okay.

Girls are looking slick,
And they're loving it,
Joint is jumping yeah,
I know it's gonna be alright,
It's gonna be a good night.

C'mon let's dance for evermore,
Spin the records that we came here for,
Cos baby when you're swaying next to me,
There's nowhere else I'd rather be,
C'mon let's dance for evermore,
Yeah we'll be dancing while they sweep the floor,
Oh we'll be swinging til the break of day,
So let the rhythm lead the way,
C'mon let's dance for evermore,
Oh everybody let's dance for evermore.

Let the drummer rock,
Beat ain't gonna stop,
Cos everybody loves the boom, boom, boom,
Going all night,
Did I hear you say aright?
Do the jitterbug,
You'd better buckle up,
Cos everybody will be falling in love,
Yeah it's all fine, ain't nothing but a good time.

C'mon let's dance for evermore,
Spin the records that we came here for,
Cos baby when you're swaying next to me,
There's nowhere else I'd rather be,
C'mon let's dance for evermore,
Yeah we'll be dancing while they sweep the floor,
Oh we'll be swinging til the break of day,

So let the rhythm lead the way,
C'mon let's dance for evermore,
Oh everybody let's dance for evermore.

C'mon let's dance for evermore,
Spin the records that we came here for,
Cos baby when you're swaying next to me,
There's nowhere else I'd rather be,
C'mon let's dance for evermore,
Yeah we'll be dancing while they sweep the floor,
Oh we'll be swinging til the break of day,
So let the rhythm lead the way,
C'mon let's dance for evermore,
Oh everybody let's dance for evermore
