

# Flowers of Romance

**Public Image Ltd.**

Now in the summer  
I could be happy or in distress  
Depending on the company  
On the veranda  
Talk of the future or reminisce  
Behind the dialouge  
We're in a mess  
Whatever I intended  
I sent you flowers  
You wanted chocolates instead  
The flowers of romance  
The flowers of romanceI've got binoculars  
On top of boxhill  
I could be Nero  
Fly the eagle  
Start all over again  
I can't depend on these so-called friends  
It's a pity you need to bend  
I'll take the furniture  
Start all over again.
