

What You Like

Peter Andre

Give you what you need, tell me what you like baby
I said, I wanna be down with you, tell me what you like
Give you what you need, tell me what you like baby
I want to be down with you, with you
Used to be the guy spending all my time
Chasing every woman that came my way
Since that day you came, somethin's changed in me
I don't know if I'll ever be the same again
'Cause soon as you're ready, soon as you call me
I'll come around and we get closer
I'll be submissive, ask and you'll get it babe
'Cause I really want to be, be down
Give you what you need, tell me what you like baby
Gotta be down, gotta be down, I said, tell me what you like
Give you what you need, tell me what you like baby
I wanna be down with you, I gotta be down with you
Certain things you say when you talk to me
I can't help but feel good about you, yeah
I can't help but believe you should be with me
But I wouldn't just to be around you girl
'Cause soon as you call me soon as you're ready
I'll come around and we'll get started
I'll be attentive, if you want it I will give it
'Cause I really want to be, be down
Give you what you need, tell me what you like baby
Gotta be down, gotta be down, tell me what you like
Give you what you need, tell me what you like baby
I want to be down with you, with you
Hey y'all tell me how you like it baby, let me know we're not hearing it
All this talk about it, naturally yeah roughneck living
Keeping up your style and your low profile
How your mad versatile, plus you makes me smile
To your knees if you saw me going astray
Help me change my ways now I've changed my ways
Right here on the spot any time I'm invited
'Cause right now I'm excited c'mon tell me how you like it
Soon as you're ready, soon as you call me
You know I'll come around
Let's get it started, you'll get it if you want it

Baby, you know I'll be down
Give you what you need, tell me what you like baby
Gotta be down, gotta be down, tell me what you like
Give you what you need, tell me what you like baby
Gotta be down, gotta be down, I'll come around
Give you what you need, tell me what you like baby
Gotta be down, gotta be down, baby, you know I'll be down
Give you what you need, tell me what you like baby
I want to be down with you, with you
Give you what you need, tell me what you like baby
Gotta be down, gotta be down, tell me what you like
Give you what you need, tell me what you like baby
Gotta be down, gotta be down, gotta be down with you
Give you what you need, tell me what you like baby
