

# It's In Your Eyes

[Phil Collins](#)

It's in your eyes, the love you hide away  
You can't disguise the things you feel  
The thing you say If you just call my name  
Any time at all, I'll be there I don't know why, the way you're falling away from me  
I can't describe it's how it feels  
It's what I see If you just call my name  
Anytime at all, oh anytime at all  
Oh anytime at all, I'll be there I look around, all I see is you  
But you gotta tell me that you want me too  
Look at me, you're all that I need, it's true I'm here, just call my name  
Anytime at all, I'll be there I look around, all I see is you  
You gotta tell me that you want me too  
Look at me, you're all that I need, it's true I can't disguise  
The love I wait for you to share  
I can't deny  
If you reach out and touch my hand, it's there Or just call my name anytime at all,  
Oh anytime at all, oh anytime at all, I'll be there
