

My Guitar Lies Bleeding In My Arms

Bon Jovi

Misery likes company
I like the way that sounds
I've been trying to find the meaning
So I can write it down Starin' out the window
It's such a long way down
I'd like to jump
But I'm afraid to hit the ground I can't write a love song the way I feel today
And I can't sing no song of hope, I got nothing to say
Life is feeling kind of strange, since you went away
I sing this song to you, wherever you are
As my guitar lies bleeding in my arms I'm tired of watching TV
It makes me want to scream
Outside the world is burning
Man it's so hard to believe Each day you know you're dying
From the cradle to the grave
I get so numb sometimes
That I just feel the pain I can't write a love song the way I feel today
I can't sing no song of hope, I've got nothing to say
Life is feeling kind of strange, it's strange enough these days
I send this song to you, whoever you are
As my guitar lies bleeding in my arms Staring at the paper
(Staring at the paper)
I don't know what to write
(I don't know what to write)
I'll have my last cigarette, well
(I'll have my last cigarette)
(Turn out the lights) Maybe tomorrow
(Maybe tomorrow)
I'll feel it differently
(I'll feel it differently)
But here in my delusion
(Here in my delusion)
I don't know what to say
(What to say) I can't write a love song the way I feel today
And I can't sing no song of hope, I got nothing to say
I can't fight the feelings that are buried in my brains
I send this song to you, everyone
As my guitar lies bleeding I can't write a love song the way I feel today
And I can't sing no song of hope, there's no one left to save

And I can't fight the feelings buried in my brains

I send this song to you, everyone

As my guitar lies bleeding in my arms

As my guitar lies bleeding in my arms

As my guitar lies bleeding in my arms

Ohhh
