

Me And My Crazy Self

The Jeff Healey Band

Me and my crazy self
Let a woman make a fool outta me
Me and my crazy self
Let a woman make a fool outta me
Now she went away and left me
I'm as lonesome as a fool can be
Me and my lying self
Said, I wouldn't love no more
Me and my lying self
Said, I wouldn't love no more
Now that woman took my heart
Then she walked right out the door
Me and my helpless self
Guess there's nothin' I can do
Me and my helpless self
Well, there's nothin' I can do
But just sit over here
And cry my heart over you
