

# Ya Own Way

## Mndsgn

It's so much easier said than done  
Constantly feeling like your mind is on the run  
Distractions and confusion  
You can't even go hide  
They know you're slipping back  
You need to get from where you're at to where you're going  
The door is wide open  
The only thing left to do is  
Figure out ya own way  
Figure out ya own way  
Figure out ya own way  
Figure out ya own way  
Figure out ya own way  
Figure out ya own way  
Figure out ya own way  
Figure out ya own way  
There's so much for you to see on your own  
There's so much for you to do when you're all alone  
You just might find the path to your throne  
You know  
The only way to find is your own  
Your own way  
Figure it out  
Figure out ya own way  
Figure out ya own way  
Figure out ya own way  
Figure out ya own way  
Figure out ya own way  
Figure out ya own way  
Figure out ya own way  
Figure out ya own way  
Figure out ya own way  
Figure out ya own way
