Runaway Train

Oleander

Advisory - the following lyrics contain explicit language:

It's a corner that you turn
it's a lesson that you learn in time
It's a worry that you feel
Another scar that you conceal from sightHave I been away
Too long for me to say?
Have I been away
Too long for things to change?From a runaway train
Caught beneath the wheels
Of a runaway trainEvery moment of the day
I feel it crumbling away if I
I only have myself to blame
For all the cracks within the frame that I findHave I been away
Too long for me to say?
Have I been away
Too long for things to change?From a runaway train
Caught beneath the wheels
Of a runaway train
And I know how it feels
To be a runaway, to be a runaway, yeah
To be a runaway, yeah yeah, yeah yeah, yeah yeahIt's alright, it's okay, it's alright
