

# Runaway Train

## Oleander

Advisory - the following lyrics contain explicit language:

It's a corner that you turn  
it's a lesson that you learn in time  
It's a worry that you feel  
Another scar that you conceal from sight Have I been away  
Too long for me to say?  
Have I been away  
Too long for things to change? From a runaway train  
Caught beneath the wheels  
Of a runaway train Every moment of the day  
I feel it crumbling away if I  
I only have myself to blame  
For all the cracks within the frame that I find Have I been away  
Too long for me to say?  
Have I been away  
Too long for things to change? From a runaway train  
Caught beneath the wheels  
Of a runaway train  
And I know how it feels  
To be a runaway, to be a runaway, yeah  
To be a runaway, yeah yeah, yeah yeah, yeah yeah It's alright, it's okay, it's alright
