

Like a Ritual

Winger

She said I'm naked in the jungle
There I see you blockin' my path
Watch what you do, it don't come easy
No deja vu here, not a chance And you better know
If you try to hang me out to dry
Then, baby, don't come any closer
How will I know if I give in to you You will love me like a ritual
Fill me with your spirit, spread your magic dust
Love me like a ritual
Tell me where you're hurtin', baby, I will be your medicine man Better make it good
And I told her I'm dried up
I'm in the desert
And I'm tired of kickin' up the dust And you better know
Like a dog eatin' dirty pudding
I'll be houndin' you to feed me
Make sure you know if you give in to me I will love you like a ritual
Fill you with the spirit, spread the magic dust
Love you like a ritual
Let me be the stranger, I'll watch you do your dance So when you feel like a lonely child
Put on your blue feathered lenses
Take me back to the beginning, all the way, all the way
Can you take me all the way? Love me like a ritual
Fill me with your spirit, spread your magic dust
I'm gonna love you like a ritual
Can you cut me deeper while I'll watch you do your dance? It's like a ritual
Love me like a ritual
Fill me with your spirit
Love me like a ritual
