

Making History

Hangnail

It all started out with a stupid name in eighth grade
We never thought it would amount to much
And now we're making history, maybe not quite
Abe Lincoln move on over, it's just not right
Four guys with nothing better to do with all their time
Playing shows luckily for ten people
And now we're making history, maybe not quite
Abe Lincoln move on over, it's just not right
And now we're making history, maybe not quite
Abe Lincoln move on over, it's just not right
