

# 2 Minutes

## Terrateya

Am I done?  
I lie here dying  
I lie here all alone  
I gave up tryingGive me one more gasp of life  
Make this moment worth it all  
Give me one more surge of strength  
Give me just two minutesDrill my heart  
Pour in the iron  
For a fire in my soul  
Thatll keep me flyingThis is one more gasp of life  
Make this moment worth it all  
This is one more surge of strength  
All in just two minutes
