Chose Sauvage

Twinemen

As I saw you from the window
near the Arc de Triomphe
I put away the book
je t'en rveille de toi
je t'en rveille
ooh la laAnd I loved the way
you came and your
"Madame, parlez-vous anglais
Parlez-vous"
Ooh, non, nonUnderneath the bridge
with my fingers in the Seine
I still feel it now
Just like I felt it then
Yeah, I still feel the same.And the blue is cooler
Making shadows in my heart
So blue la lune on the
le de Saint Beaumale
So blue la lune in my heart.[Solo]Pay the taxi to go
Slow through La Bastille
How this rainy street
Knows exactly how I feel
How this street
Knows how I feel.And I made a promise
On the night I left Paris
I would come back again
For my darling mon chri
Je t'en -- je t'en --
mon chri.
