

# Kiss It Goodbye

## The Bar and Grill Singers

You say you've been sued? I'll represent you  
I can hear those fees a callin'...I can't lie  
I can defend this case but then  
    Justice takes so long  
    So go on go ahead and kiss it  
    Kiss all your money goodbye

This kind of lawsuit is bankruptcy for you  
Either pay to settle out or pay me instead  
If you decide to fight well then that takes so long  
    So go on go ahead and kiss it  
    Kiss all your money goodbye  
    Na na na na hey hey hey goodbye

After it's all through and after I've billed you  
The jury verdict could come out for the other side  
    We can appeal the case and then  
    I will be ready and willin'  
    So go on go ahead and kiss it  
    More of your money goodbye
