

Mystery Train

[Rick Danko](#)

Train arrive, it's sixteen coaches long
Train arrive, it's sixteen coaches long
Well, that long black train take my baby and gone
Mystery train, rollin' down the track
Mystery train, rollin' down the track
Well, it took my baby, people it won't be coming back
Train, train, rollin' 'round the bend
Train, train, rollin' 'round the bend
Well, it took my baby, people it won't be back again
Train arrive, it's sixteen coaches long
Train arrive, it's sixteen coaches long
Well, that long black train take my baby and gone
